

The new laminator offer unbeaten performance at this price level.

BUBBLE-FREE

APPLICATOR 1500 • 1700 • 2200

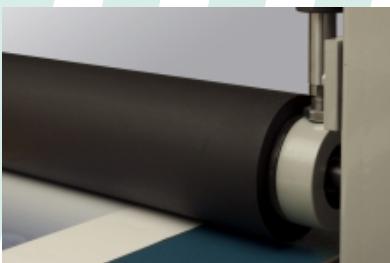

Bubble-free mounting table

Operators can mount and laminate on digital prints, working with application tape on any flat surface, banner, table, flat furniture, PMMA up to thicknesses of 60 mm.

- It can be used without any bubble nor wrinkle, and be mounted quickly
- Longitudinal failures are disappearing
- The roller presses the applied materials, so they can't move from their fixed position
- It provides great production speed for immediate deliveries
- All operations are easy to learn
- The surface of the table is equipped for cutting decoration material too

BUBBLE-FREE

Mounting table can be ordered with:

- **glass board and lighting**
- **with MDF board and PVC carpet.**

Can be ordered in customized dimensions.

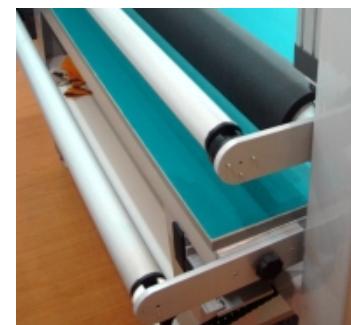

The pressure roller has 15mm thick soft rubber coating to guarantee the bubble free application.

The pressure roller is controllable on both sides.

The pneumatic system applies FESTO parts. The pressure of the roller has wide limits and can be adjusted by the pneumatic controller.

The high duration painting is made in RAL color 9006.

With breaking wheels, the table can be easily moved or fixed.
